Customer Sending Truck  Ship to Customer (complete below)

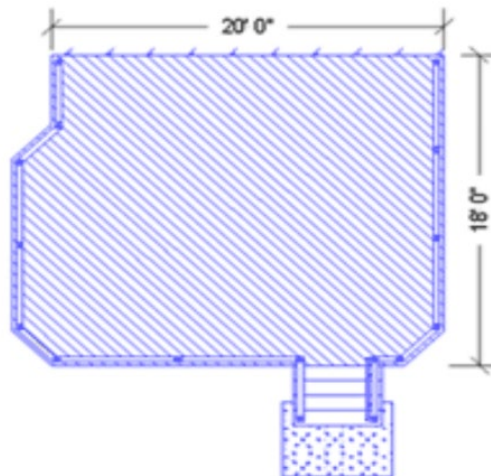

Shipping Address: \_\_\_\_\_ City: \_\_\_\_\_ State: \_\_\_\_ Zip: \_\_\_\_\_

Is the shipping address residential or commercial?  Residential or  Commercial

Shipping Contact Name/ Number: \_\_\_\_\_

**How to Calculate Deck Dimensions**

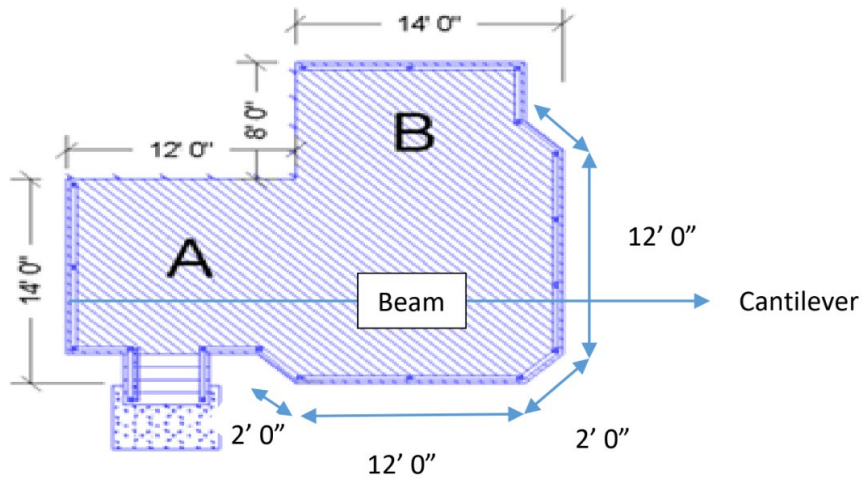

- 1) The most common deck shapes have at least two measurements:
  - Where the deck meets the house
  - Where the deck extends outward from the house
  - Example of a 20' x 18' Deck:

### Draw Your Deck Dimensions

In order for us to custom make your RainTight Underdeck System, please refer to the below design format. In the box below, draw your deck dimensions including the following:

- 1) Draw the shape of your deck, measuring from underneath the floor.
- 2) Include all angles and measure each outside section.
- 3) Include the length of each section of measurement on your deck.
- 4) If you have a support beam/cantilever please indicate the location by drawing a line with the word "beam" next to it.
- 5) Indicate where the gutter system will need to be located.

### Deck Dimensions

### Photos of Deck

Please return this form to us with pictures of the deck. We recommend several photos of the deck from different angles.

### Color Choice

**Stock:**  White  Black  Sierra **Custom (\$350 Upcharge):**  Bronze  Coastal Dune  Pewter
